a. Subject fulfilled numerous tasks in support of our operations directed against AEGLOBE personnel and their steady contacts in AEPLIMSOLL. The major part of such activities consisted of surveillance, neighborhood and records checks, which provided us with interesting and useful operational information. Worth mentioning in this respect are Identity 1 and Identity 2, who are in the habit of contacting and entertaining visiting AEGLOBERS, and we are speculating on the possibility that Identity 1 is carrying out SK functions.
